Norwood Iris Gardens

12049 HALLWOOD DRIVE

EL MONTE, CALIFORNIA

INTRODUCTION

Greetings for '53:

We take great pleasure in presenting our catalog for 1953 for your approval. We also wish to thank our many customers of 1952 for their trust they put in us for our first year of shipping on a national scale. We are truly proud to have received the many kind praises for our plants. We have planted now about 2 acres of top quality plants of over 1000 varieties of iris and daylilies. Within 24 hours after your order has been dug they are packed and shipped. Many orders on their way within 6 hours after receipt of the order. We now have customers in 40 of the states and several countries. Well over 50 percent of our customers have sent us a second order proving how well they like our plants and service. If there are some varieties of plants you want that we do not list this year, feel free to write us about them. In closing we wish to say, "Our business is small, and we don't want all the orders in the world, but we do want yours."

John W. Pegram

TERMS:

Cash with order, check, draft, or money order. All orders postpaid over 4.00 in the United States. On orders less, add 50c postage unless noted in catalog on collections.

We guarantee our plants true to name and free from pests. Due to different garden conditions, we cannot guarantee our plants to live. If the plants do not live, we will replace at half price plus postage. This offer is good for 3 months after you receive your order. I might say now that last year to our knowledge only 1 plant failed to survive that we sent out and we made it good as soon as possible.

Also, we would like to know if we may substitute on your order? This we seldom do. So would you be so kind as to include a separate list of plants you do not have and would like. We are very generous in giving extras as many of you know.

Our main shipping season is from June 1st till December 1st. Although we ship by special request at any time. Many people are finding out by ordering California grown plants early they are taking advantage of several months of growth and increase which gives larger clumps the following year. True many items are for the warmer sections, we also grow very hardy varieties too.

A WELCOME:

Although you are welcome at any time of the year, we give you a special invitation to drop by and enjoy our beautiful flowers with us. The blooming season reaches its peak the last week in April till the middle of May. This year, due to our warm weather, it looks as if it will be several weeks sooner. We are located mid-way between U.S. 99 and U.S. 66, 4 blocks east of Peck Rd. North of Lower Azusa Rd. 3 blocks. Look for the sign.

ALL PLANTS SOLD BY US ARE GROWN HERE AT OUR OWN GARDENS.

1953 INTRODUCTION

We again take pleasure in introducing this year another Iris from the gardens of Mrs. L. J. Lohman. We feel sure you will like this one.

EIGHTEEN KARAT

(Ola Kala x White Spire) x Berkley Gold. A mid-season to late bloomer that is a pure self of bright deep gold. The flowers are heavily ruffled set off with flaring falls. Substance is extra heavy, and a very prolific grower20.00

Join the American Iris Society. It's only 4.00 a year and you will receive 4 bulletins a year telling you about the culture of Iris and the newer varieties before they are available on the market, giving you a hint of what there is to come. If you would like to send us your remittance we would be happy to include in your orders 3.00 extra in Iris. This is for new memberships only, also when your order is over 5.00. Or send to American Iris Society, Franklin Rd., Brentwood, Tennessee.

TERMS USED IN CATALOGUE

AMOENA: White or tinted white standards with colored falls.

BI-COLOR: Two colors, falls darker than standards.

BLEND: Combination of two colors.

FALLS: The bottom part of the iris blossom.

HAFT: The section where the petals are connected to the stem.

SELF: A flower of one uniform color.

SIGNAL PATCH: The marking that appears on most Aril bred iris on the falls.

STANDARDS: The upper portion of the iris blossom.

PPLICATA: Stitched or dotted darker color on a lighter background.

** Dealers please note: Send for our surplus wholesale list.

CASCARONE M-L 42" A tall growing old ivory ground plicata with veining and dots in a maroon brown shade. Very popular locally	3.00
CASQUE DE'OR M 32" Standards are deep old gold with a greenish mid-rib, while the falls are a rich blackish maroon	60
CHAMOIS M 34" Very large pure chamois in color with waved standards and falls. No veinings or marks mar this beauty	2.00
CHANTILLY M 36" A rare crinkled and serrated flower of lavender flushed with old gold	1.25
CHARLOTTE MILLET M-L 36" From France comes this beauty done in shades of tapestry rose that is very outstanding	45
CHERIE M 34" A fine ruffled flamingo pink with a deep tangerine beard. A good grower with excellent branching	7.00
CHERRIO E 38" One of the older popular red bi-colors	35
CHICORY BLUE E-M 48" A large blue self with domed standards with some ruffling	85
CHIEF POKING FIRE M 34" A bright red heavily blended with bronzy-gold, brilliant but not gaudy. Wide standards and well rounded falls	85
CHINA BOY M 46" Rich red flowers with a bronze undertone. Large flowers carried on very tall stems. One of the best red toned iris for the price	35

- CHINA LADY M 40"** Clear glistening ivory of good substance and branching. Brilliant beard and golden markings on the hafts. Very popular and a real nice grower65
- CHINA MAID M 38"** A blend of pink, soft lilac and golden bronze. The general effect is that of pink. Very good grower and bloomer, tends to rebloom for us in the fall35
- CHINA ROSE E 30"** Orchid rose. The standards are more pinkish which blend with the darker falls. Blooms off and on thru the summer for us550
- CHIVALRY M 36"** A large ruffled deep blue flower with domed standards and flaring falls. Heavy substance2.00
- CHLORIS M 40"** Soft yellow with a blue and orchid overlay. Beard is a vivid orange35
- CHOCOLATE CREAM E-M 32"** Standards yellow flushed red, falls light yellow edged with red-brown75
- CHRISTABEL M 36"** One of the older good reds. Large flowers and a very free bloomer40
- CIGARETTE M 34"** A nice color of russet gold which appears almost a light ivory75
- CITY OF LINCOLN M 42"** Standards are clear golden-yellow with falls of a bright firey red. Most outstanding40
- CLARA NOYES M 32"** A good landscape iris in tones of apricot and salmon35
- CLARA VELVET M 36"** A deep claret wine with a burnt orange beard50
- CLOTH OF GOLD M 36"** A fine yellow with many good qualities. A bright deep yellow self with flaring falls and a glowing orange beard. Perfect formed blooms of a heavy substance75
- CLOUD CASTLE M 38"** A pale wisteria blue self with wide flaring ruffled falls of smooth texture and a sparkling sheen85
- COFFEE AND CREAM M 36"** A good tall plicata done with a cream background marked with a nice shade of brown2.00
- COLOMA M 46"** A well branched luminous pale yellow85
- CONCINNA M 36"** Creamy pink standards, with falls a nice rose color5.00
- CONFETTI E-M 38"** Large flowers of heavy substance. A white ground plicata stippled and peppered with a nice shade of pink4.50
- COPPER LUSTER M 40"** Blended rich tones of rose, tan, and copper50
- COPPER ROSE M 38"** A blend of rose, tan and copper with a golden flush in the center70
- CORALIE M 34"** A blend of raspberry or, as some say, coral35
- CORDOVAN M 36"** Rich and glossy tones of deep coppery-ox blood red. Standards are coppery rose red with distinctively fluted falls1.25
- CORONET L 38"** A lustrous golden tan with a rose beige undertone. Well branched and very good substance30
- CO-STAR E-M 44"** The standards are honey yellow with falls sienna veined with red-mahogany. The overall appearance is that of apricot40
- COUNTRY LASS E-M 30"** Large flowers done in rose-buff with a heavy orange beard. Well worth the price35
- CRIMSON TIDE M-L 34"** A large very deep velvety red70
- CROWN PRINCE M 36"** Orange tinted standards with brownish red falls50
- DAMASCUS M 38"** A large Spanish yellow overlaid, a copper-orange on the falls. Very harry90
- DAUNTLESS M 40"** A rich deep velvety maroon red. Very large flowers and a good grower45
- DAYBREAK M 38"** A large well shaped golden-pink. Semi-flaring falls and well ruffled. Good heavy stalks75
- DAYS FAREWELL M 46"** A very good landscape iris. The large standards are a uniform rose lavender while the long hanging falls are a deeper rose lavender. Brown markings at the haft35
- DEEP MAHOGANY M 32"** Large flowers of reddish brown standards and velvety falls of deep red edged with buff1.35
- DEEP NIGHT M 40"** A very tall and fragrant mulberry purple that has a bright golden beard to set off the velvety falls that have a contrasting bronzy flush at the hafts.....1.50
- DEEP VELVET M-L 36"** A deep blackish red-purple with a golden beard that is very fragrant50

- DEPUTE NEMBLLOT M 48"** A tall claret-crimson flushed with bronze. Very popular thru the years30
- DESERET M 36"** Standards golden bronze with brownish-red falls.....35
- DESIREABLE M 40"** A nice tall white ground plicata with almost a purple edge which is very contrasting35
- DESERT SKIES E-M 36"** A very nice flower done in chicory blue with the falls a little darker. Very fragrant50
- DESERT SONG E-M 40"** A nicely ruffled cream self with a butter-scotch tinge. Very heavy substance and strong stalks2.00
- DISPLAY M-L 36"** One of the darkest and richest of the reds. A brilliant and glowing mahogany-red85
- DISTANCE M 36"** A cool light blue with a silvery cast. Falls slightly waved with a white beard2.00
- DIXIE SUNSHINE E 40"** Medium shade of yellow with serrated petals and a bright golden beard. One of the most fragrant iris in our gardens. Might be a little tender in the coldest sections.....50
- DOG ROSE M 30"** A nice lilac-pink which has been very popular for many years. Excellent for cut flowers40
- DOLLY MADISON M 40"** A blend of tan, grey, and lavender30
- DON JUAN M 32"** A large iris with deep red falls and standards of rosy lilac shaded brown. Very good30
- DORE' M-L 36"** Lemon yellow standards and white falls. The falls have some veining in yellow set off with an orange beard30
- DOWN EAST M-L 38"** A large fine dark black-purple self75
- DREAM CASTLE M 36"** A pure orchid colored iris with a white and lemon beard. Domed standards and wide rounded falls2.00
- DUBROVNIK M 36"** A nice blend of rose toned with gold35
- EASTER BONNET E-M 38"** Fine deep pink with a wide margin of gold on both standards and falls. A bright gold beard sets it off perfectly1.00
- EASTER CANDLE E-M 48"** A nice tall white of classic lines1.25
- EASTER GOLD M-L 36"** A fine large brilliant yellow that has a nice silken sheen1.50
- EASTER MORN VE-E 36"** the flowers are a warm white with an inner glow of yellow-cream. This should be planted in the warmer sections of the country. A very fast and vigorous grower and one of the best in the early whites.....30
- E. B. WILLIAMSON M 36"** A lively copper red which reflects the light like burnished copper35
- EL CAPITAN M 36"** One of the most popular blues. A huge manganese-violet bi-color that never fails to bloom25
- ELKHART M 36"** A blend of chestnut-brown and red75
- EL MOROCCO M 36"** A large opal-pink with broad falls and good branching60
- EL PASO M 34"** A bright lively golden brown with flaring form and a metallic finish that gives it an exceptional richness3.00
- ELSA SASS M 36"** A clear lemon yellow with a dash of white near the hafts. Slightly frilled with a hint of a greenish overcast45
- EPISODE E-M 42"** A blend of apricot, orange and yellow. Very large and tall flowers. The flowers tend to fade in the full sun90
- ESQUIRE M-L 40"** A uniform dark blue purple with the coloring running to the bottom of the throat. Very richly colored but not a bit velvety. The form and growing habits are considered perfect by those that have seen it1.50
- EVENLODE M 30"** A deep mulberry-pink that is very nice50
- EXTRAVAGANZA L 36"** Cream white standards, and falls done in lavender edged copper. One of the latest to bloom for us1.50
- FAIR ELAINE M 36"** A striking bi-tone with standards bright yellow, and falls dark yellow set off with a bright orange beard40
- FAR WEST M 36"** A warm and mel-low blend of salmon and tan with a soft glow in the heart of the flower70
- FATHERS DAY E-M 42"** A beautiful blue bi-color. The standards are a light blue white with falls a very deep blue-violet75
- FIESTA M 36"** Copper standards with apricot orange falls. Very bright and gives a dull corner a bright splash50

FIRECRACKER M 33" A bright yellow ground plicata splashed and marked with burgundy red. Good form and substance1.00

FLORA ZENOR M 36" A very bright true pink which was one of the first in this color class. A bright orange beard sets off this one50

FLORENTINE M 36" A white ground plicata evenly dotted with lilac-blue both on standards and falls50

FORT KNOX M 40" A uniform rich yellow. Flaring falls, good branching, and growing habits makes this a most desirable iris to grow in your garden75

FORTUNE M-L 30" A light golden-brown self. Flowers are large and have a form all of their own45

FORTUNES FAVOR M 42" A ruffled giant tan with a heavy orange beard with falls overlaid rosy-lavender50

FRANCELIA M 38" A very bright chrome yellow. The semi-flaring falls are broad and fully set off with a bright orange beard. Heavy substance and good branching.....75

FRANCONIA M 38" A large cool marble white of very nice form75

FRANK ADAMS M 44" This tall beauty has tan standards and falls of rosy-red slightly flushed yellow. The flowers and branching are almost perfect. This one will blend with any other color in your garden40

FRANKLIN MEADE E-M 36" A large tall white ground plicata edged with blue35

FRANK PUGLIESE M 38" A good tall red that is very well branched with good substance and one of the nicest in this color group....2.50

FRIEDA MOHR M 42" A large tall iris with orchid pink standards, with falls lilac-rose35

FROSTY BLUE M 38" A very delicate shade of cool blue. Heavy substance and good branching make this a nice one75

GARDEN GLORY M-L Free flowering rich deep bordeaux-red without any haft markings to spoil the appearance1.35

GARDEN MAGIC M-L 36" A glowing rich deep red, smoothly finished. The falls have a velvety finish set off with a bright beard40

GENERAL McARTHUR L 38" An extra large cream with a glow of gold surrounding the broad bright yellow beard40

GAY SENORITA E-M 40" Standards deep honey-yellow with falls of golden-yellow covered with a brown overcast and veined very deep brown1.25

GLORIOLE M 38" An iris with a very heavy substance done in pale icy blue that has a crystal like appearance. Has a very nice wavy form that pleases everyone40

GLOWPORT M 40" A glowing wine red without any haft markings set off with a bronze beard50

GOLDBEATER M 36" A solid yellow colored iris that is most popular. The color is deep and bright and void of any other casts or markings. Fragrant75

GOLD RUSH E 38" A tall bright deep yellow with a remarkable substance that withstands the weather very well. Flaring falls and good branching2.00

GOLDEN EAGLE M-L 36" A sparkling clear light yellow with a satiny sheen60

GOLDEN FLEECE M-L 36" Clear soft yellow standards, with falls creamy edged with gold. Well branched, semi-ruffled75

GOLDEN CASCADE M 34" A nicely branched lemon yellow self40

GOLDEN SPANGLE M 36" A rich glowing yellow-gold self50

GOLDEN HIND E 30" A deep butter yellow with a bright orange beard50

GOLDEN MADONNA M 40" Large tall golden iris with a creamy-white center50

GOLDEN MAJESTY M-L 38" A brilliant deep golden-yellow that does not fade. Large flowers, domed standards and broad falls45

GOLDEN RUFFLES M-L 38" A beautiful soft yellow, frilled and ruffled. Good substance and branching1.35

GOLDEN SPIKE M 36" A deep yellow self with a heavy orange beard. Very well branched and blooms over a long period of time50

GOLDEN TREASURE M 40" A free blooming creamy toned iris with an inner glow of yellow to set off the orange beard45

- GOOD SIR E 40"** A very early blooming iris that starts in November and continues till the tall bearded season starts. Bronze standards, flaring crimson falls edged with bronze. The best of substance and good branching. Should be hardy in the east but will not bloom late when colder75
- GRAND MARSHALL M-L 40"** Both standards and falls are a deep brown yellow. Extra large flaring flowers on well branched stalks75
- GRAND CANYON M 48"** A blend of copper, gold, and plum. The bright gold and markings on the falls give this a lively tone75
- GREAT LAKES M 44"** A tall pure medium blue of perfect form and good branching. One of the most popular blues40
- GRECIAN ROBE M 52"** One of the largest and tallest iris we have ever seen. Creamy white domed standards and falls edged with gold. Wide falls and best of branching2.50
- GREEN PASTURES E-L 48"** A nice chartruse yellow in pale pastel tints that blooms over the longest period of time. A touch of blue on the falls is most unusual at the end of the olive-yellow beard. It grows so well for us we are reducing the price over half of what it was last year1.35
- GREEN SHADOWS M 36"** Large flowers in a shade of greenish-gold1.40
- GRITNERS AMOENA M-L 38"** White standards with purple falls edged cream40
- GUDRUN E-M 38"** From England comes this warm white self set off with a golden beard. Hardy thru-out the country30
- GYPSY L 38"** Coppery gold standards and falls a uniform chestnut brown90
- GYPSY BARON E-M 36"** A blue and white plicata that is very different from others. The whole effect is blue marbled on a pearly-white background. Visitors pick this every time75
- HAPPY DAYS E-M 44"** A smooth pleasing medium yellow with a golden beard. Large flowers and well branched30
- HAPPY MAID E-M 38"** Light sky blue that is most outstanding....3.50
- HIJA MIA M 38"** A good growing tall dark yellow self with good form and substance90
- HELEN MCGREGOR E-M 34"** A perfectly ruffled clear blue flower with a white beard. Perfect form and heavy substance that withstands the weather better than average1.50
- HER GRACE M 48"** A tall light metallic blue with a pinkish over-cast75
- HERITAGE M 38"** A nice shade of true pink somewhat darker than Cherie with a bright tangerine beard9.00
- HILLS OF GOLD M 36"** A nice tall well branched golden yellow1.00
- HIT PARADE M 36"** One of the nicest of the newer pinks that sell at a lower price. Ruffled blooms with a bright tangerine beard....1.30
- ICY BLUE M 38"** A fine light blue that is very popular50
- ILLINOIS SUNSHINE M 38"** A rich golden yellow with a bright orange beard. A very good grower1.00
- INDIANA NIGHT M 38"** A well formed flower of satiny mid-night purple. In spite of being so dark, it is most brilliant. Blooms over a long period of time1.00
- INDIAN CHIEF E 40"** The standards are red-violet while the falls are deep velvety reddish-purple with a complete bronzy overcast30
- INDIAN HILLS M 38"** A tall reddish-maroon blend50
- INSPIRATION M 38"** A brilliant cerise-rose with a warm cast of brown at the hafts. Large sized flowers of good form1.00
- JASMINE M-L 38"** A clear smooth yellow without any markings to mar it. The beard is even the same color90
- JASPER AGATE M 34"** A richly colored iris done in red,gold and copper, with a finish that appears to have been polished80
- JEAN CAYEUX M 36"** A nice tan color that is very popular30
- JUNALASKA E 38"** Copper gold standards with copper red falls...30
- KATHERINE FAY M 36"** A cool starched pure white without any markings. Tightly closed standards and semi-flaring falls slightly ruffled. A must for your garden75

LADY BOSCOWEN M 40" One of the finest whites. Broad fluted standards, falls are flaring and ruffled. Very good substance and perfect branching2.00

LADY DIANA M 40" One of our 1952 introductions. A lobelia violet self with flaring falls and tightly formed standards. This iris is very fragrant and most pleasing10.00

LAELIA PINK M 36" A nice pink a little on the orchid side. This one blooms thru the summer for us. Most popular locally80

LA GOLONDRINA M 36" A vivid self of royal purple. Good stalks and large flowers2.00

LAKE GEORGE M-L 38" A trim flaring rich blue shaded darker at the hafts. Light yellow beard tipped with a little blue1.00

LAKE SHANNON M 36" An intense deep lake blue with wide fluted standards and falls. Set off with a blue beard flecked orange1.00

LIGHTS ON E-M 34" A rich glowing clean cut red. One of the reddest of its type. Smooth uniform color thruout2.50

L. MERTON GAGE E-M 40" Pale salmon standards with a darker shade of pink on the falls40

LOCKWOOD M-L 38" A smooth bright brown blend with a bright blue blaze on the falls. On well branched stems3.00

LORD DONGAN L 36" Broad standards of deep violet, with extra heavy deepest pansy purple falls set off with a thick pale yellow beard75

LOS ANGELES M 38" A white ground plicata edged with the palest blue-violet. Very popular and most recommendable25

LOTHARIO M-L 38" Light lavender blue standards, and rich velvety purple falls. An orange beard with some ruffling in the falls90

LOUISE BLAKE M 30" The standards are pale sky blue, falls are velvety purple edged with light blue. Almost like Amigo75

LOVE AFFAIR M 40" A nice tall pink ground plicata stitched and dotted with rose pink. Good branching and substance1.00

LOUVOIS M 34" From France comes this one. Standards are light chocolate with falls rich red-maroon edged like the standards40

LULLABY M 36" A handsome orchid pink. The standards and falls are the same color. Both standards and falls are large and rounded1.00

LYNN LANGFORD M 36" A deep toned orchid pink flower with a yellow center but no veining. Large well branched flowers that should be in your garden2.00

MAIDEN BLUSH M 34" A fine apricot-pink self with domed standards and flaring falls. Free blooming and very hardy75

MAJENICA M 36" A wide petaled salmon blend. Very heavy substance with long lasting qualities35

MARQUITA M 40" Standards a bright ivory while the falls are ivory veined with a bright shade of watermelon-rose. Every iris collection should include this one.....30

MARY SENNI M 40" Large flowers done in shades of lilac and soft reddish lilac-brown. Very free flowering25

MARY VERNON M 36" Bright gold standards flushed with red, and falls the most brilliant red possible tipped with gold1.25

MASTER CHARLES M 38" Standards are true purple overlaid with a black sheen, the falls are a deep purple overlaid with a velvety black sheen topped off with a mulberry purple beard tipped brown75

MATTERHORN E-M 38" Pure white with no other markings. Flaring form and fine branching make this a very nice one50

MAUNA LOA E-M 42" A very tall maroon red iris that stands up under the most adverse weather conditions25

MELITZA M 38" Domed standards which are a shade of ivory pink, and the falls the same color except a darker flush around the bright tangerine beard. One of the fastest growing varieties we grow, hence a lower price to you30

MEXICO L 38" Buff-golden standards with broad falls of glowing red brown edged golden-buff. Most colorful to see in bloom1.00

- MICHAELANGELO M 40"** Dove grey standards with somewhat darker falls set off with intricate veining. Unusual but nice35
- MID-WEST GEM M 38"** Large apricot-yellow slightly flushed pink. Both standards and falls are slightly crinkled with very good branching50
- MING YELLOW M-L 36"** A clear smooth bright yellow self that is very broad and large. Slightly waved standards and falls55
- MINNIE COLQUITT M 40"** A large white ground plicata with a broad border of purple stitching on both the standards and falls. The entire flower is ruffled and very gay.....85
- MISS CALIFORNIA M-L 46"** Exceedingly fine lilac-pink flowers with a lemon yellow beard. Very clean growing habit and at the price you can have a real show in this color30
- MISSION MADONNA E-M 40"** Very large blossoms of delicate creamy-yellow with yellow hafts and a bright yellow beard. Petals ruffled and serrated2.00
- MISSOURI L 36"** Light blue standards with the falls several shades darker. Brown veined hafts. One of the most popular of the older iris30
- MISTY GOLD M-L 33"** A ruffled brilliant lemon toned iris with an edging of gold along the petals80
- MME. LOUIS AUREAU M 34"** Standards are silvery white heavily overlaid with rose-heliotrope while the falls are a little darker with much more veining and dots a deeper color. Tends to rebloom for us in the late summer35
- MOROCCO ROSE M-L 36"** A warm soft rose-pink with a soft yellow glow at the center and a pleasing yellow beard, a top seller in its color class40
- MOONLIGHT MADONNA M 36"** Large rounded flowers of clear lemon-yellow with a hint of green in the center. One of the very best in its color class. With ruffled delicate features that have good substance75
- MOONLIT SEA M-L 36"** A real odd one. A rich indigo blue with a solid golden heart and pure white falls marbled over with blue. A pure gold beard and golden hafts35
- MOUNTAIN SKY M 36"** A nice sky blue colored iris with a yellow suffusion around the yellow beard. A very good performer all over the country60
- MOUNT CLOUD E-M 48"** One of the tallest cool whites we grow. Starts the season and is with us almost till the end30
- MT. MCKINLEY E-M 36"** White standards with a flush of blue and falls deep purple edged light blue1.80
- MT. WASHINGTON M 48"** Very tall white that is well branched35
- MULBERRY ROSE M 40"** Flowers a deep pinkish-mulberry slightly on the brown side growing on tall well branched stalks. This is all set off with a bright bronze beard75
- MAY DAY E 36"** Apricot-orange blend with a copper overlay with a bright orange beard. Good for that dull corner30
- MICHELINDA M-L 40"** A shell pink plicata with markings done in very dark rose set off with a contrasting golden beard. Blossoms are large and ruffled2.00
- NANTUCKET E-M 42"** A nice tall iris with deep velvety ruby red falls and standards a little lighter1.00
- NARANJA M-L 36"** The falls of this flower are a deep orange while the standards are a bright empire yellow set off with a yellow orange beard. One of the brightest in this price class25
- NED LE FEVRE M 40"** Coppery salmon standards with falls of deep pinkish-orange set off with a rich orange beard35
- NENE M 48"** A very tall two-toned blue violet. Well known for its large sized flowers35
- NEW SNOW M-L 38"** Large ruffled flowers of the purest of white set off with a bright yellow beard. Nice branching and good substance.....2.00
- NIGHTFALL M 36"** A very dark richly colored flower with dark velvety pansy-purple falls and a little lighter standards. Glistening plush-like substance35
- NIGHTINGALE M 36"** Glistening golden-russet. Large flowers and good substance75
- NYLON M-L 36"** A rosy-beige self that has the appearance of buff. Plant this with a brighter contrasting color35

NOEL M 38" Large white suffused with a hint of cream35

OKLAHOMA M 42" A large flower done in shades of seafoam green-yellow and light buff. Highlighted with a large blue blaze on the falls1.00

OLA KALA M 38" A very brilliant flower done in bright yellow-orange tones. Closed standards and semi-flaring falls. Most recommendable85

OLD PARCHMENT M 40" A light creamy tan with a golden-buff overlay. The standards are domed and wide flaring falls. This grows very well in our garden35

ORANGE FLAME M 36" Brilliant orange standards with bright orange-red falls50

OREGON SUNSHINE E 40" Large slightly fragrant flowers of a soft light yellow. The standards are closed and falls flaring and ruffled50

PACIFIC SUNSET M 36" A very nice blend of rose, copper and gold....1.00

PAINTED DESERT M 44" Soft buff-tan with marks of brown at the hafts, violet midribs in the standards and a dash of violet on the upper part of the falls75

PALE MOONLITE M 42" A soft pale blue iris of very large size and uniform color thru-out. This is set off with a bright orange beard35

PALOS VERDES M 42" A nice shade of mustard yellow with fine lines of cress green running thruout. Good for arrangements1.25

PATRICE M 40" Standards are light cream flushed pale rosy-lavender, falls white brushed with gold across the haft which is peppered with rose-brown75

PEACH PARFEIT E-M 36" Delicate light peach self, even to the beard3.00

PERSIA M 36" A smoky blue-violet with a metallic overcast35

PIED PIPER M-L 36" A yellow ground plicata marked in brown .30

PIERRE MENARD M-L 38" A good tall deep flaring blue which is most outstanding8.00

PINK CAMEO E-M 36" One of the most well known of the new race of flamingo pinks. It is a beautiful pure pink set off with a bright tangerine beard. Good branching and fair substance make this a fine iris to have1.75

PINK IMPERIAL M 40" A good tall orchid pink that is very popular50

PINK LACE M 36" Lightly ruffled flowers done in roselane pink flushed at the heart with a tangerine beard. Medium sized flowers of good substance. This iris tends to rebloom for us in the late summer and fall1.10

PINK OPAL M-L 38" One of the older orchid pinks35

PINK ORCHID M 34" As the name, an orchid pink35

PINK SATIN M 34" An orchid pink with good form. This makes a very nice showing every year35

PINNACLE M 38" From New Zealand comes this unusual iris. Pure white standards, with primrose yellow falls. Good branching and unusual color combination make this a most popular iris7.50

PIUTE M 32" A smooth warm bronzy red of good substance and form. Slightly fragrant35

PRAIRIE SUNSET M-L 36" A blending of apricot, peach, gold, rose and copper tones which is very well named after the sunsets of the mid-west75

PRESIDENT M-L 52" One of our 1952 introductions. A rich mulberry self with a bright blue blaze on the falls. Very good substance and branching despite its height. Truly one of our giants10.00

PRETTY PENNY L 38" Coppery old rose, overcast russet with an orange beard50

PRINCE OF ORANGE M 38" A solid golden orange. For a bright spot plant this45

PRESIDENT PILKINGTON M 36" A blend of golden-violet with a hazy metallic overcast35

PURISSIMA E 40" A pure white self that is still much in demand. Good in breeding. Somewhat tender in the colder sections50

QUAKER LADY M 34" A lavender and gold blend with a blue flush35

QUINQUE E-M 36" A nice tall rose red which blooms over a long period of time2.50

RADIANT M 30" Standards are burnished orange, falls glowing copper red. Tends to rebloom for us in the fall40

RADIANT LADY E 38" Red-brown self overlaid with a metallic sheen80	ROSE DOMINION M 40" A warm rosy-magenta. The standards appear near pink35
RAINBOW ROOM M 38" A blend of many colors. The standards are yellow with falls the same color merging to lilac in the center with a metallic blotch at the end of the yellow beard. The entire flower is overcast with buff-apricot2.75	ROSE GOLD M 36" A bright blend of gold and rose. The flowers are good size and substance1.25
RAJAH BROOKE M 38" The standards are topaz in color, and the falls of the very brightest red with a wide border of topaz. A large golden beard tops this off1.00	ROSI-RED M 40" A very tall large red that is most popular. Very good grower and fast to increase1.50
RAMESES M 36" A blend of olive-buff and rose pink35	ROSY RUFFLES M 40" A rosy-pink of fine form and substance beautifully ruffled with a nice fragrance1.00
RANCHO M 38" A bright mulberry red that stands up in the worst weather conditions35	ROSY WINGS E 40" A blend of deep rose and crimson brown. With an orange beard. Very free blooming40
RANGER L 36" A large self of crimson red. The large broad falls have a glossy velvety sheen set off with a bronzy-orange beard1.00	ROYAL SALUTE M 36" A deep rich roval purple self30
RED TORCH M 32" The standards are pure gold with falls of brilliant glowing red. A smooth velvety finish with no markings to mar its beauty1.00	ROYAL COACH M-L 32" A yellow ground plicata with heavy brown markings35
RED VALOR M 36" Deep garnet red of very large size. Heavy substance makes this last and last. A rich brown beard sets off the broad flaring falls1.00	ROYAL SCOT M 36" A large burgundy plicata that tends to look red from a distance. Very unusual and nice to have75
RED VELVET M 36" Standards a vivid Van Dyke red, and falls a velvety ox blood red. Very fragrant1.00	RUBEO M 48" Truly a gigantic red that is very popular. To us this is the best buy in the reds30
REGAL ROBE M 38" A bright deep violet, good branching and substance1.50	RUSSIAN BRONZE E-L 30" Golden tawney standards and deep maroon flaring falls edged gold. Very popular at our garden. Most bright, also tends to rebloom for us thru the fall and winter when the temperature drop is not too low1.00
REMEMBRANCE M-L 38" Well shaped flowers on sturdy stalks in a pink shade that has a definite cream infusion. This could almost be called a blend75	RUTH POLLOCK M-L 36" A soft yellow ground plicata marked deep rose. Often rated as the best shaped plicata45
REVEILLE E-L 36" A long blooming flesh pink self set off with a bright tangerine beard. This seems to have more pink in its makeup than Melitza40	SABLE M 36" Deep velvety black with a blue beard. Has a beautiful sheen and clear in color. Good substance and branching75
RHEINTOCHETER M 36" A blue and white plicat with the blue shading to near lilac40	SAMOVAR M 34" Rich and brilliant burnished copper overlaid rose. The flowers are large but the stalks are on the short side. Very free flowering and most desirable30
ROCKET M 36" An orange toned self with bronze markings on the falls. Very large flowers and good substance combined with the bright color make this iris very desirable to grow in your garden1.50	SAN ANTONE M-L 40" A deep tan or sand brown self. Flowers are well spaced on good stalks2.00
ROSE BOWL M 40" A very nice tall rose colored iris. A bronze-golden glow in the center tends to make this most brilliant50	SANDIA M 34" A blend of pink and orange40
	SAN DIEGO E-M 36" A large flowered bright blue-violet that has good substance and branching.....25
	SAN FRANCISCO M 40" A very fine white ground plicata with a feather stitching of lavender blue around the edges. Very strong stems and good branching. Deeper in color than Los Angeles30

SAN GABRIEL VE 40" A nice tall early blooming lavender blue that is very popular in So. Calif. This can not be grown in the colder sections of the country	25
SAN PASQUAL E 36" A large velvety flower done in shades of violet carmine. The standards being a few shades lighter than the falls	70
SANTA ROSA M 40" Standards are ivory pink with falls deep rose. Blooms over a long period of time	90
SEDUCTION M 35" A white ground plicata marked blue-lavender. Good form and substance	50
SELAH M 38" A nice shade of lavender-blue with a glowing center of gold. Leathery substance with well spaced flowers set off with a golden beard	2.25
SERENATA M 40" A nice color of russet-pink with very good substance. Very good planted with blues and lavenders	50
SHAH JEHAN M 38" Standards are creamy-buff edged faintly with lavender. The falls are violet edged buff. Set off with a bright golden-orange-beard	30
SHANNOPIN M 40" A large tall flower with yellow-pink standards and deep rose falls. One of our favorites	50
SHARKSKIN M 38" A pure white self set off with a yellow flush at the throat. One of the top ranking iris today	75
SHINNING WATERS M-L 36" A clear deep sky blue self. Tender in cold spots	50
SIEGFRIED M-L 44" Large pale yellow of purple with a buff overtone low flower overlaid with a stippling blending the colors together	35
SIR LANCELOT M 36" A good two-toned red with velvety falls	50
SIERRA BLUE M-L 46" A smooth medium blue with long flaring falls	35
SIR MICHAEL M-L 38" A fine two-toned blue-lavender	35
SNOW FLURRY E-M 40" One of the most popular pale blue-white we raise. Ruffled, good substance and branching. Grows well so we are passing it on to you at a lower price	45
SNOW CARNIVAL M 40" A fine pure white ruffled iris. Fluted domed standards and broad flaring falls	1.00
SLEEPY HOLLOW M-L 32" A rich velvety pansy purple. Despite its dark color it has the ability to carry across a distance. Most popular for mass planting	35
SOLID MAHOGANY M 38" A very deep red-mahogany. Translucent and glowing. Good substance and branching	1.35
SNOW VELVET M 38" A white iris with a gardenia-like substance which is heavy enough to withstand wind and rain. The throat is gilded with a flush of bright gold	75
SONATINE M 36" A blend of lilac and pink tones	75
SONNY BOY M 34" A brilliant glowing golden and henna self	50
SONRISA M-L 38" A blend of copery-pink with an overcast of yellow	80
SOUTH SEAS E 52" This is the largest sky blue that we grow. Very tall but with good low branching. The hafts are a bright gold with a golden beard giving a blue and gold effect	2.25
SPANISH PEAKS M-L 40" A pure white that is the most perfect thing you have ever seen. There is absolutely no markings to mar its beauty. Even the beard is a pure white	2.75
SPARKLING BLUE M 38" A large tall flax blue	70
SPINDRIFT M-L 36" A delicate shell pink with a very bright tangerine beard. Some markings on the haft	90
SPOKAN M 36" Large chestnut brown and red blend	30
SPRING CLOUD M 40" A blue and white plicata with the standards mostly blue, with falls pure white except a few blue markings	45
SPRING MEADOW M-L 38" A large deep blue-violet with broad flaring falls	90
SPRING SUNSHINE E-M 50" One of the tallest yellows that we grow. Good substance on well branched stalks. Will need a little protection but is well worth it	2.00
SPUN GOLD M-L 36" A very beautiful golden self with plush like finish	90
STARLESS NIGHT M 36" Deep purplish maroon almost a black-red	40
STATEN ISLAND M 36" A very bright iris with the brightest of gold standards and broad flaring falls of velvety red edged with gold. One of the best in this class	5.00

SUNGOLD E 40" A tall growing free flowering golden yellow that is very popular in the warmer sections of the country. Not too hardy.....	50
ST. LOUIS M 36" A pleasing glossy purple with a harmonious beard.....	35
SYLVIA MURRAY E-M 34" A beautiful clear fine light blue. It has been said that this is the best blue yet	1.00
SYRINGA M 38" A clear pure lilac self with broad flaring falls. Gold marked hafts and very fragrant	2.00
SULTANS ROBE M 36" A flower done in red tones with a hint of gold, copper and old rose in the overcast. Set off with a bright blue blaze on the falls	1.00
SUNNY RUFFLES M 34" A rich chrome yellow that has proved very popular	30
SUMMER TAN M 36" A blend of tan, yellow, and brown	50
SUNSET HAZE M 38" A good tall large flower done in shades of a beautiful set. Good substance and free flowering	65
SWEET ALIBI M 38" A tall growing deep ivory iris with ruffled falls	30
TARENTELLA M 36" A good growing white ground plicata edged in lilac-pink	35
TEAL M 36" A tall bi-color with lilac-tan standards and purple falls set off with a bright blue blaze	1.50
TEA ROSE M 36" A copper pink infused with shade of light copper or amber which appears to be almost a rose-pink	90

TEMPLE CITY M-L 38"
(1952 introduction) A deep chrome yellow self. Very prolific in plants and bloom stalks. It has grown so well that we are reducing the price to half of what it was last year

5.00

TENAYA M 36" A deep plum-purple that is very good in the border. Withstands the weather very well	35
THE CAPITOL E-M 38" A large pure white with a bright orange beard	1.00

THEODOLINDA M-L 38" Tall growing white ground plicata with a delicate stitching done in light blue	30
THE RED DOUGLAS M-L 36" A deep rosy-red wine self with a brownish cast at the center set off with a rich brown beard	60
THREE CHEERS M-L 36" Light blue standards with velvety violet falls flowering and a good grower	80
set off with a white beard. Free	
TIFFANJA M 42" Buff standards and creamy-white falls peppered around the edges with very light brown	50
TIFFANY M 36" A medium yellow ground plicata peppered and stitched with shades of deep rose. This is a most pleasing iris to have in your garden and will receive much comment	40
TISHIMINGO M-L 36" A large wis teria blue self of flaring form and good substance. A frosty flush appears to give it its coolness	90
TITAN LADY M-L 36" A pure cool white with a brilliant tangerine beard. The contrast is almost amazing	30
TOBACCO ROAD M 34" A golden tobacco brown that is a little lighter than most. The standards are almost closed so the flower takes the weather very well	2.00
TOP SERGEANT M-L 36" A good growing red-brown that reblooms for us	35
TOURNAMENT QUEEN E 40" Truly the queen of our early bloomers. This bright fuchsia colored iris blooms for us thru the winter and spring. The large flaring falls spread over 6 inches or more. The style crests are a chartruse. Very good grower and fast to increase	90
TROUBADOR M 34" A nice yellow with a blanch of blue-violet on the falls	35
THE GUARDSMAN M-L 38" A dusty pink overlaid with mulberry and edged pink	50
TWILIGHT SKY M 36" A pure clean pink that is very well branched with a reddish beard. Perfectly hardy in all sections of the country.	3.50
UKIAH E-M 38" A maroon-red iris that has a bright metallic sheen that appears to be almost a smoky-red	30

VALOR M-L 42" A deep blackish-blue blue bicolor of fine size and color. The flowers are most fragrant	30
VATICAN PURPLE M-L 38" A rich dark blue-purple self. Large flowers with good substance which withstands the weather very well	1.00
VENTURA M 36" A rich mulberry that is marked with a reddish-brown at the hafts set off with a golden beard	50
VIGIL E-L 36" A long blooming pure white	2.00
VIOLET SYMPHONY M 40" Very uniform gleaming violet self with a bronze flush at the hafts	60
WABASH M 38" One of the most popular iris ever introduced. The standards are pure white, while falls are purple with a white border....	40
WAKARUSA M 34" A blend of burnt orange and red that grows very well	60
WAR EAGLE E-M 34" One of the older red-maroon introductions....	30
WESTLANDER M 38" Very light blue standards with deep velvety blue-violet falls. One of our favorites	30
WHITE SMOKE M-L 44" A much larger Snow Flurry. The blue buds open into one of the most beautiful ruffled well placed blue-white flowers that you ever saw. The substance is among the heaviest found	3.50
WHITE SPIRE M 46" A good tall stately white that grows very well in the warmer sections of the country	45
WHITE WEDGEWOOD E-M 38" Very large outstanding icy blue-white with a cool blue beard on the flaring falls	90
WINE GLORY M 34" Rosy-bronze standards and velvety wine falls	35
WINTER CARNIVAL M 38" Large snowy-white flowers of flaring form and good substance, with a bright golden throat	90
WM. SETCHELL M 42" A deep royal purple that has the largest flowers in this color group. The flowers are over 6 inches across. Very good substance and branching	45
YNEZ M 36" A choice yellow ruffled plicata with markings done in shades of red	1.50
ZANTHA M 36" A large deep yellow that is free from haft markings. Flaring flowers on well branched stems. Very good substance keeping well in arrangements	3.25

ONCOBREDS

In this section you will find one of the most interesting types of iris grown. All of them are descendants from the native iris that come from in and around the Holy Land. As a rule it is difficult to grow the native species but thanks to Clarence White and other modern day hybridizers we now are able to grow and enjoy these most wonderful plants. The native species have been crossed and re-crossed with our tall bearded iris that grow so easy, so that now we have a race of iris that grow very good and have all the charm and beauty of the Oncocyclus and Regelia Iris. As a rule most of these are hardy in the open. Others will require some protection. Anything as beautiful as these iris makes the time spent well worth it. In all cases we will advise you when there might be some protection needed.

ALTA MOHR L 36" A large flaring orchid violet veined with maroon at the hafts	1.50
ARTEMIS VE 20" An Onco-regelia hybrid with a silvery ground color overlaid in red violet with a black beard75
AZIM VE 30" An olive buff which is quite tall for this type of iris	1.40
BALTIS E 36" Very large flowers of excellent substance in rich deep violet	2.00
BARRIMOHR M 36" A colorful mulberry-violet bitone of flaring form and heavy substance	1.50
BEDTIME E 24" A rich brown blended with violet and veined with deep violet75
BELADI E 30" Large round flowers veined and dotted with deep violet with a coal black signal patch at the end of the falls	1.00

BRILLIG E 24" Creamy yellow ground color finely veined with a dark signal patch on the falls75

BUTTERFLY WINGS M 36" Like a butterfly which is veined with blue, lavender, and yellow1.50

CAPITOLA VE 28" Large blooms of brilliant red-violet showing very much the onco traits1.00

COGETTE VE 24" Rosy purple covered with darker veinings and a dark signal patch on the falls.....70

ELMOHR M-L 36" A must for your garden. A rich mulberry with good substance. Both standards and falls are heavily ruffled50

ENCHANTED E 32" Standards white ground color heavily flushed and veined mulberry. Falls veined maroon with a black signal patch and a brown beard1.25

FAIR ENOUGH M 38" Very tall glistening bright silvery blue50

FRANCES CRAIG M 40" Immense, pale greyed lavender flowers on tall heavy stems. Very good substance and good garden quality20.00

GRACE MOHR E-M 36" A very large deep lilac veined somewhat darker50

GREY CLOUD VE 18" A bright lavender blue with a black signal patch on the falls50

GYPSY KING E-M 36" Vigorous growing claret-red with velvety falls. A lilac and yellow beard. One of the reddest in this group50

JOPPA PARROT E 30" One of the most startling of all iris. The ground color of the falls is honey-beige covered with streaks of brown, violet and mahogany. The standards are violet veined with purple4.50

KISH VE 15" The standards are near white lightly veined violet, the falls dotted and veined violet fairly small flowers1.50

LADY MOHR E-M 36" Another outstanding one you should have in your garden. Oyster white standards which are mauve when first opening. Falls are chartruse with a cinnamon beard and signal patch on the falls70

LOIS M 36" A tall graceful cream showing some of its onco-bred traits2.00

MISS MUFFET E-M 30" Somewhat like Lady Mohr. Pale lilac standards washed brown, with chartreuse yellow falls marbled purple35

MOHR BEAUTY M-L 36" A glistening golden yellow with a white signal patch at the end of the yellow beard. Has almost the same shape as its parent Elmohr6.00

MOHRSON M 36" A very large tall ruffled blackish redviolet45

MOONBLOSSOM M 25" A deep pink overlaid with pale blue with a creamy undertone75

MOTHERS DAY M-L 36" Soft grey enriched with tints of lavender, very prolific and free flowering50

MOZO E 30" Creamy yellow ground color, both standards and falls vined in bronzy red. The falls appearing darker because of closer veining75

MUSTAPHA E 26" Standards taupe-grey with flaring maroon falls with a darker signal patch75

MYOMY E 24" Medium sized flowers in white with edges veined and dotted with rosy-purple and a dark signal patch. The whole flower appears to have a pinkish tinge1.40

NEAR EAST E 24" A creamy ground dotted with maroon with almost flaring falls1.40

NELSON OF HILLY E-M 28" White standards with a faint bluish-lavender cast and cream colored falls peppered with cinnamon and maroon dots1.40

N. J. THOMAS E 36" A very tall large blue of flaring form75

ORMOHR M 40" A very popular large silvery blue-lavender veined violet35

OYEZ E 29" White ground color with bold veins of red-purple with a blackish maroon signal patch on the falls. Very outstanding1.40

PESHAWAR E 14" A deep dwarf type iris that's in a class of its own45

PRESENT E 30" Ground color is a pink tint lightly veined and rotted with violet, and a rose signal patch on the falls1.00

SARDIS Lilac-violet lightly pencilled darker with a maroon signal patch75

SHADY LADY E-M 36" A blend of mauve and plum4.00

SILVER CHARM VE 30" A glistening silvery-grey blue grey lightly marked with bluish-purple90

SHERIFFA M 36" A red ground color flushed and veined blue45

SOME LOVE E 24" Oyster white ground color covered with minute dots and very fine veins of grey-purple	1.00
SOQUEL M-L 26" Very large uniform form blooms of deep lavender with somewhat darker shadings in the veining85
SUSAN OF HILLY VE 22" Pale violet standards, falls pale yellow with light lavender shadings and a deep violet signal patch75
TOP HILLY E 18" A somewhat smaller onco in a cream ground color with dark veinings85
WESTWAYS VE 12" A small miniature ruffled blue showing the onco influence50
WM. MOHR E-M 24" A large violet with a network of reddish veins running throughout the bloom. This is the parent of many listed in this section35
YARKAND E 24" Wisteria violet standards heavily veined dark violet with very dark purple falls, veined even darker, and almost a black signal patch	1.75
YUSSUF VE 30" A rose purple self with darker shades mixed. Splashed with straw yellow	1.00

We offer the following onco-bred collection which is completely hardy and easy to grow for those people who would like to find out what these wonderful flowers look like.

A \$2.85 value for \$2.25 Post paid

	Lady Mohr	Wm. Mohr
	Grace Mohr	Sheriffa

BORDER, INTERMEDIATE, AND TABLE IRIS

We have found in the last few years a growing interest in these smaller varieties of the bearded iris. Now at the present time there is a movement underway to standardize these beauties. This year we are listing them under one section to avoid any confusion. The smaller size of these flowers make them less prone to weather damage and certainly easier to make up in flower arrangements. They grow very fast and appear to be more resistant to diseases also.

ALICE IN WONDERLAND M 28" A nice white ground plicata with blue lavender markings reminding one of a miniature Los Angeles25
BENTON OLD MADRID M 34" From England comes this clear orchid pink with golden hafts and a deeper yellow beard on long narrow falls	1.50
BLUE RUFFLES M 34" A nicely ruffled blue that has many flowers groups for color effect is a bright on a stalk. Very good planted in blue30

WIDGET E 24" A fine blue and white plicata set off with a blue-white beard35

For those of you that would like to have a small collection. We offer 8 varieties of these iris at 2.00 postpaid each one labeled. Our Choice.....

SPURIA IRIS

The long narrow foliage make grand background in arrangements. Also the nice flowers have long lasting qualities. We grow many other varieties but are not able to offer them this year.

MONNIERI 36" Broad petals of golden yellow which are of a very smooth texture50

OCHROLEUCA 36" A nice growing white and yellow. Very good in mass for an outstanding show.....40

LOUISIANA IRIS

These beautys come from the swamps of Louisiana and are most outstanding. This year we are only able to offer the following three varieties. We think you will like them.

BON ROUGE Six-inch flowers on 30" stalks. An excellent garden subject in a red shade. Has flat wide spreading flowers80

CACIQUE Four-inch flowers on 30" stems. Early blooming, blackish purple50

VINICOLOR Four-inch flowers on 40" stems. An exquisite wine color that is very beautiful50

FALL BLOOMING IRIS

During the past few years there has been quite some interest aroused in the bearded iris that has a reblooming tendency. We have listed below the varieties that bloomed year in and year out here in Southern California. No matter what state you live in you should try a few. We have many under trial now and will list them when they prove to be reliable rebloomers. We also would like to hear from others who raise these types. We have listed in our tall bearded section many of the newer tall varieties with a special note on their tendencies to rebloom.

ARCADIA BLUE E 30" This iris blooms for us all year round. The standards are light blue with the falls a little darker with a hint of lavender. The overall effect is a bright sky blue30

AUTUMN ELF E 15" A nice shade of mixed licac and white. Popular35

AUTUMN DAWN E-M 32" Soft pink and yellow blend with ruffled falls35

AUTUMN FROST E 26" A good sized white with a golden beard and gold hafts35

AUTUMN HAZE E 26" A large lilac and violet blend that blooms thru out the summer35

AUTUMN SURPRISE E 24" A very nice shade of blue35

BLACK MAGIC E 20" Deep blackish violet, one that reblooms for us all the time45

ELEANOR ROOSEVELT M 30" A free flowering deep purple that never fails us25

GOLDEN CATARACT E 24" A low growing bright yellow set off with an orange beard25

JANE KREY E-M 30" A taller growing purple that blooms often thru the summer25

MARTIE EVEREST E 33" A uniform blue that never fails to produce fall blossoms50

OCTOBER BLAZE E 22" A blend of brownish maroon and bright crimson45

OCTOBER OPERA E 32" Medium sized flowers done in burgundy red, velvety falls	45
SANGREAL E 22" A two-toned yellow that makes a blaze of color in the fall	30
SOUTHLAND M 24" A free flowering popular golden yellow	35
ULTRA E 12" Sometimes this is considered a dwarf. For us it blooms thru the summer. Light blue standards and deep violet falls	35

SIBERIAN IRIS

These hardy iris come from Asia and are well worth growing. Even in the coldest sections of the country they bloom and multiply. Next year we hope to have many more varieties available.

CAESARS BROTHER 40" This is one we think is the best. A very dark pansy purple that blooms late in the season Small clumps.....	50
--	----

DWARF IRIS

These dainty little beauties bloom about 3 weeks before the tall bearded season begins. They are very good for borders and edgings in the perennial bed.

BALSENG CURIOSITY 8" A fragrant iris done in shades of yellow, purple, and olive	30
BLACK MIDGET 8" Very black with sooty blue buds	30
DIE FIE 8" Distinctive blue bi-color	30
HARMONIA 8" An attractive yellow and violet	30
JEAN SIRET 8" Cream and yellow, blooms in the fall	30
LT. de CHAVAGNAC 9" Purple and red, reblooms in the fall	30
MALAYA 8" Small flowers done in bronzy-tan shades	30
ORANGE 9" A bright light orange	30
SOCRATES 6" Uniform garnet-red tones. Very popular for edging.....	30
STEWARTS ALPINE 9" A brilliant clean yellow	35
THE BRIDE 6" Excellent clear clean white self	35

We list the following varieties by name only. Many are very old and are now collectors items. We must have space to plant newer varieties so we are offering the group at one price. 20c each or 6 for 1.00. Many will be sold out when we receive your order so please do us a favor and send some extra names for substitutes.

Take advantage of this offer and have one of the most beautiful gardens in your area.

HEMEROCALLIS-DAYLILIES

Daylilies are one plant that should be in every garden. There are types to fit every condition that one comes upon in everyday gardening. No longer do we have just the Lemon Lily to choose from but almost any color combination that one might want. They will grow and bloom in almost any place from full sun to heavy shade. After planting Daylilies they should be left in the same spot for several years for the older the clump the larger the flowers are and more flowering scapes produced.

The Daylily has no known pests and the majority of named varieties are 100% hardy from Canada southward. So this year try a few of our large divisions and become enchanted with this wonderful flower.

AFTERGLOW Ht. 3' Pale buff, tinted with sunset hues which become pinker and more pronounced at the throat as it is more exposed to the sun	1.25
ALADDIN Ht. 3' Cadmium yellow with a contrasting band of rich garnet-brown	50

YELDRIN Ht. 3½' Tall yellow self with back of sepals brown. Slightly reflexed. Brown buds, very effective for bouquets. Remains open evening. Prolific and a long bloomer	40

OTHER PLANTS GROWN BY NORWOOD GARDENS

BILLBERGIA These very unusual plants come from South America. They require lots of moisture in their growing. The cup formed by the leaves should be kept full of water thru the summer. They grow in the open shade in the Southern States and make very nice pot plants in the colder sections. Of all the plants this is the most unusual. The stems are pink or red while the flowers are green edged with blue. The Meades Hybrid blooms for us thruout the summer off and on.

Billbergia Nutans, 35c each or 4 for 1.00 Postpaid

Billbergia Meads Hybrid, 75c each or 2 for 1.00

DICENTRA exima The fern leaf bleeding heart. Most hardy shade loving plant that flowers thruout the summer for us.

35c each or 4 for 1.00

ISMENE calathina Often called the Peruvian daffodil. Large white blossoms. These bulbs should be lifted in the fall for they are tender. We have reports of them surviving the winters in Northern Texas but they should be mulched this far North.

Blooming size bulbs, 40c each or 3 for 1.10

LIRIOPE muscari We offer the Majestic series a Russell strain. This will grow in shade or full sun and is quite hardy up to the Northern section of New York state. The low growing clean foliage makes a nice border and in the late summer it is topped off with large plume like flowers resembling the popular Grape Hyacinths.

Good size blooming plants, 50c each or 5.00 doz.

NERINE BOWDENII These very little known bulbs are one of the nicest pot plants available. They are only hardy to 26 degrees so will require a lot of protection but it is well worth it. They bloom from August till mid-January. The foliage dies back then the bloom stalk appears about 18" tall with umbel of 10 or more flowers 9" or more across in a rich reddish pink color. These require an acid type soil.

Blooming size bulbs 50c each
Postpaid or 3 for 1.25 Postpaid

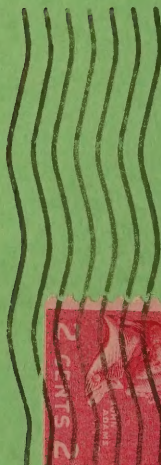

SPREKALIA formossissima These make very nice pot plants with a culture like Amaryillis. Deep crimson red flowers.

Blooming size bulbs 50c each or
3 for 1.25

IRIS Munzii We have kept the best for the last. This Iris is one of the California group and was first described in 1938. To our knowledge it has not been offered yet commercially. Very rare species. Stems about 12" tall blooms are in shades of blue. It was the hit of the Hollywood Iris show last year. We are offering blooming size plants at the low price of 85c each only 1 to each customer. Shipped at proper planting time which is in the late fall.
